

**Trust in our experience.**

**Field-proven MEYLE quality for premium class models.**

**MEYLE rear axle struts to fit current Mercedes-Benz C-Class and E-Class models.**

MEYLE features a complete range of rear axle struts for all Mercedes-Benz C-Class and E-Class (W204 and W212) applications promptly available from our Hamburg warehouse. It goes without saying that MEYLE bushings are still available separately.

All parts meet the accustomed quality standards and come ready-to-mount.

**Complete product range  
available only in first-class quality**
